### Matching

Medical Illustrators prepare drawings for textbooks, journals, and other publications that aid in the explanation of scientific issues. If you are interested in working as a Medical Illustrator, you should have a good understanding of science. Can you match the following parts of the body with the correct function?

Body	Function
1. eye	a. form speech
2. tongue	b. regulate growth
3. brain	c. filter blood
4. kidney	d. chew
5. heart	e. locomotion
6. ear	f. smell
7. mouth	g. sight
8. feet	h. taste
9. nose	i. pump blood
10. pituitary gland	j. balance
11. teeth	k. thought processing

Answer: 1.g 2.h 3.k 4.c 5.i 6.j 7.a 8.e 9.f 10.b 11.d
